Schools for Health in Europe

Co-funded by  
the Health Programme  
of the European Union

As a member of SHE, you are welcome to promote SHE by using the SHE logo on your regional website. The use of SHE's logo communicates and promotes the fact that your organisation is a member of the SHE Network Foundation.

The SHE logo is available at SHE's website: <https://www.schoolsforhealth.org/contact-us/press-media>. The logo can be downloaded from the website in black or in colour. The picture below illustrates the two different options you can choose between. The website also provides a link to a zipped file containing different versions of the SHE logo for your web designer. Consider including a link to the SHE website (<https://www.schoolsforhealth.org/>) together with the SHE logo

If you would like to add text about SHE to your website, the following text can be included:

“The overall aim of SHE (Schools for Health in Europe Network Foundation) is to improve the health of children and young people in Europe, including reducing health inequalities, through a specific setting focus on schools. SHE supports its members in developing and sustaining school health promotion in each country by providing a European platform for school health promotion. For more information, see the SHE website <https://www.schoolsforhealth.org>”

Please note that the SHE logo may only be used on official reports or project applications directly related to the SHE Workplan. Permission needs to be obtained to use the SHE logo. Contact the SHE secretariat at [info@schoolsforhealth.org](mailto:info@schoolsforhealth.org) if you have further queries about using the logo.
